### **FORECROSS CELEBRATES ITS 35<sup>TH</sup> BIRTHDAY**

---

San Francisco, California: Forecross<sup>®</sup> Corporation, a provider of legacy modernization solutions announced today that it has reached the milestone of 35 years as a continuously operating software company.

“In June, 1982, we had little idea how far technology would take the world. As Sally Ride, the first American woman in space said of her launch a year later, it’s definitely an e-ticket!”, commented Bonnie Castello, Senior Vice President. “Our longevity is a credit to our core values, great people and excellent clients. We look forward to harnessing these assets to help our future clients on their path to digital transformation.”

Founded in 1982 as a high-tech software laboratory dedicated to designing and developing innovative transformation software, Forecross Corporation now provides automation-leveraged methodologies and solutions for modernizing existing applications on new platforms. Clients have included such leading corporations as Aetna Life Insurance Company, Brown Brothers Harriman & Company, Charles Schwab & Co., the University of California at San Diego, Manulife Financial Corporation, IBM Corporation and Bank of America NTSA. Teaming partners of Forecross Corporation include IBM Global Services, Accenture Belgium, U.S. Technology Resources, Inc. and others.

On Behalf of the Board of Directors,  
Bernadette C. Castello  
Senior VP, CFO  
**FORECROSS CORPORATION**

*Except for historical information contained herein, the matters set forth in this release are forward-looking statements that are dependent on certain risks and uncertainties, including such factors, among others, as market acceptance, market demand, pricing, changing regulatory environment, changing economic conditions, risks in new product and service development, the effect of the company’s accounting policies and other risk factors detailed in the Company’s SEC and BCSC filings.*
